SECRETARY BAKER PRAISES BECKHAM

**Says He Was of Great Assistance
During War—Hopes For His
Return To Senate**

Louisville, Ky., Oct. 23—Secretary of War Newton D. Baker, while in Louisville with the Pro-League special train, expressed his hope that Senator J. C. W. Beckham be re-elected to the United States Senate.

"Senator Beckham," said Secretary Baker, "as a member of the Senate Committee on Military Affairs and on the floor of the Senate chamber was of the very greatest assistance to the administration in the conduct of the war. Throughout the war he worked unflinchingly and efficiently. We could depend upon him at any time of the day or night to help, in whatever way he could help, the cause of America in the great war. His work was beyond any valuation that those who conducted the war could put upon it. His work was for the whole people and I hope Kentucky will recognize it by returning him to the Senate."

A prominent democrat who heard the Secretary's statement, added this comment: "Everybody who was in Washington during the war knows that Secretary Baker is speaking nothing less than the truth. Senator Beckham worked day and night on military affairs. He was well informed on these subjects as any legislator in Washington, but he had the rare faculty of keeping his mouth shut about what he knew."

"Secretary Baker is in position to know exactly what Senator Beckham's services meant to the country during the war, and it is a pity that more of his constituents do not know of his valuable work."

R. R. STRIKE HELD UP

(By Associated Press)
London, Oct. 23—Railway men postponed their proposed strike in sympathy with the miners, temporarily, at the request of the miners executive committee. The miners accepted an invitation of Premier Lloyd-George for further discussion toward settlement.

Little Hope For King

(By Associated Press)
Paris, Oct. 23—Little hope for the recovery of King Alexandre of Greece, who was bitten by a monkey, is held by Dr. George S. Vidal, a noted French specialist, who has just returned from the King's bedside. He said the King was frequently delirious.

Hold Suspected Murderer

(By Associated Press)
Philadelphia, Oct. 23—Sheriff Cecil, of Maryland county, reported by telephone to the Philadelphia police that he arrested a man there early today on suspicion that he was William Brines, university student, charged with the murder of Elmer Drewes, Dartmouth College senior, here Saturday night.

Louisville Vet. Killed

(By Associated Press)
Louisville, Ky., Oct. 23—The battered body of a man found in the brush near a road on the outskirts of Washington late yesterday was identified as Major Frank M. Scanland, of Louisville. He had been in the army 18 years, and served in Italy during the world war. Two sisters live here.

Indiana Coal Must

(By Associated Press)
Indianapolis, Ind., Oct. 23—All coal companies in Indiana were ordered today by the State Coal and Food Commission, to offer for sale each week in Indiana, sufficient coal to meet domestic consumption, setting the quantity necessary for the state at 1,600,000 tons monthly.

PROMISES BY COX

Washington, Oct. 23—Two articles that might be termed pre-inaugural addresses by the rival presidential nominees were made public here on Friday. Governor James M. Cox suggests in his article that, if elected, he will ask congress to revoke the excess profits tax and substitute a tax of \$2,000,000,000 a year on business. He will also demand readjustment of the personal income tax to remove the burden from professional and working classes.

Today's Livestock Markets

Louisville, Oct. 23—Cattle 300; steady and unchanged; hogs 1,500; 25c lower; tops \$12.75; sheep 100; steady and unchanged.

Cincinnati, Oct. 23—Receipts lights; hogs steady; Chicago steady; good cattle and lambs steady.

MRS. CATT IS FOR LEAGUE OF NATIONS

Prominent Suffragist, Former Republican, Will Support Cox and Roosevelt

Louisville, Oct. 23—Woman's Clubs and suffrage circles in Louisville were deeply stirred by the announcement today that Mrs. Carrie Chapman Catt, for years president of the Woman's Suffrage Association, and president of the International Woman's Suffrage Alliance, has written an endorsement of the League of Nations. Mrs. Catt proposed to vote for Cox and Roosevelt, though she has always been a staunch republican. Her statement has shaken from their mooring several republican women leaders in Louisville, who have for many years been guided solely by Mrs. Catt's policy.

Mrs. Catt's views are given in the current issue of the Woman's Citizen, an organ of the American League of Women Voters, a national non-partisan organization. In her article she answers every objection to the League of Nations, and tells why the United States should ratify it. "To my mind," she writes, "the United States has lost a decided advantage of world leadership won by the united efforts of the United States during the war, and it falls farther into the background with each month of longer delay. If the League has failed to begin its operations robustly, it is largely the fault of this country."

"The responsibility of taking effective action now is far more imperative than any call upon us during the war. What the United States now may easily make a thousand years of difference in the world evolution."

MORE REPUBLICANS GOING OVER TO COX

Many more additions have been made in the city and state to the rapidly-growing list of Republicans, Progressive and independent voters who have announced their intention of voting for Governor James M. Cox and the League of Nations, says the Louisville Courier-Journal.

The paper adds that after hearing Prof. Irving Fisher and other members aboard the pro-League Independents' special train speak here, many Republican voters declared that the League of Nations transcended politics as a moral issue.

Samuel McDowell Anderson, publisher and editor of the Trade Outlook, and former alderman of Louisville under the present administration, has issued the following statement:

"I have voted the Republican ticket nationally for the last five election and I have voted against the Republican ticket but once in my life. "That vote was cast for Roosevelt. This year I will vote the Democratic ticket for the first time in my life, because I do not see how any man with any thought of the future world and the coming generations can vote otherwise."

"I think the League of Nations is the greatest moral issue ever before the American people and I do not see how a Christian gentleman and a father could be against it. I have an 11-year-old son that I cannot think of being placed in the same position as were the young men of this country who recently went to war."

INDIANA IS FOR COX.

SAYS FRANK DOREMUS

Chicago, Oct. 23—Congressman Frank E. Doremus, chairman of the mid-western division of the Democratic National headquarters, Friday issued a statement declaring "the air is surcharged with the approaching Democratic victory." He claimed Indiana for Governor Cox, added that Kansas was changing from Harding and that encouraging reports were coming from Nebraska.

HARVARD DEFEATS CENTRE 31 TO 14

The Harvard College football team this afternoon defeated the Centre College team by a score of 31 to 14 at Cambridge, Mass.

Even during the third quarter Associated Press dispatches wired to the Daily Register still were encouraging to Richmond fans, but at 3:30 the final blow came.

Gov. Morrow's Message To The Colonels

Gov. Morrow, of Kentucky, sent the following telegram to the Centre College men:

"Men of Kentucky are pulling for you; the women are praying for you; the heart of every girl is with you; for God sake make good; hit the line hard and low."

Y. W. C. A. LADIES ENTERTAIN Y. M. C. A.

Friday night at Sullivan Hall, members of the Y. W. C. A. were hostess to the members of the Y. M. C. A. and the event recorded one of the most pleasing and entertaining social events of the season. The program for the evening presented features that resulted in the affair being appropriately a "get together" party. It was the first occasion during the present term when the membership of both branches of this organization assembled as a result of a formal invitation.

There will, according to the custom, be an event booked later which will be given in honor of the young ladies, while the Y. M. C. A. men will be the hosts. The date not program for this event, however, has not been chosen. Both branches of the work at the institution are well under way and there will be a list of interesting events during the winter months. The membership, which was at low ebb, as is the custom at the beginning of the school, has been steadily increasing.

Fox Hounds In City

There were many fox hounds in the city Friday and Saturday, an echo of the big meeting of the week at College Hill. It is said to have been the greatest assemblage of "home hounds" ever recorded in the county. The local dogs, as well as others, did good work considering the conditions. There were many visitors in Richmond from this and other states, who have been in attendance at the events during the week.

Tax List Grows

The list of tax payers bringing in their lists to County Commissioner Ben Powell increase almost daily, and while this is the last month in which to make the reports, it is believed they will all be in and that the accounts in the county official's office will be up to the minute, in regard to the report.

Will "Camp" All Winter

Reports from Boonesboro Beach are to the effect that some of the summer "campers" have decided to spend the winter there, they having become so interested in the popular resort. While this is not very unusual it is understood that a greater number than usual are preparing to spend the winter there. There will be more improvements, Dr. Williams states, another year.

Campaign To Resume

The campaign for funds for the new Second Christian Church will be resumed, perhaps next week, with Rev. D. H. Matherly, pastor, at the helm. It is the intention to prepare for the starting of the building during next spring. There has been a good start made along this line, a number having been at work faithfully for some time.

Student Agriculturists

At Eastern Normal, student agriculturists are putting in some good ticks, according to reports and considerable progress is being made. It is expected that later in the season, when the winter begins, there will be an unusual enrollment along this line, owing to the additional inducements offered at the school.

BUSY COURT WEEK BEGINS ON MONDAY

Three Murder Cases To Be Followed By Big List of Minor Ones—The Jury List

Monday morning will record the resumption by the grand jury of the investigation of many cases of a minor character, most of the important ones having been given attention during the first session. The work of the men was complimented by Judge W. R. Shackelford, who reported their operations are being very effective in every way.

It is expected that besides disposing of the three murder cases, there will be a big list of others stricken from the docket and marked "disposed of" by the end of the week. The Thomas Gentry murder case will perhaps not require more than a part of a day, according to the opinion of many who have been interested in the proceedings of the court. That of John Keeton, charged with the killing of Robert Powell, will be one requiring more time, owing to the greater number of witnesses having been summoned. This will be followed by the hearing of the Andy Poff case, which has been booked for Tuesday, October 26. This will mark one of the most tedious cases, owing to the big list of witnesses which it is known has been summoned to give testimony.

The men who will do jury service during the latter part of the term are as follows:

R. E. Maupin, J. J. Neal, W. H. Kanatzar, E. W. Carson, Thomas J. Todd, Ben Shearer, Gordon Parrish, W. A. Todd, Ralph Park, J. H. Burke, Sam A. Deatherage, Holman Todd, John (Smoker) Johnson, Eugene Barnes, John A. Ham, Leslie Turpin, H. J. Twigg, W. F. Higgins, J. S. Gasser, Wesley Curry, John D. Goodloe, Shelby Burgin, D. T. Bogie, Jesse Newby, Crutcher West, Arch Kidd, Sam Mason, E. C. Cornellison, W. D. Durham, Terry G. Perkins, Robert White, Paul Burnam, R. E. Dozier, J. William Wagers, B. J. Broadbush, G. B. Moores, Hugh Galey, Harry Hanger, Jr., Shelby I. Taylor and J. S. Collins.

Much Wheat Being Sowed

Work of sowing wheat, which has been under way for some time is being continued and indications are that there will be a bountiful supply next year. One man stated that while heretofore he had only raised wheat every few years as well as many others, would have out a large crop another year.

Some Football Team

When it comes to organizing a football team on the spur of the moment, the American Legion boys are there with the material. They are preparing already for that game with Berea next month, and if a good start means anything, there will be a real contest on, unless the visitors are greatly in excess of the local players in point of weight—a very essential point, however.

More Operations Are Awaited By Veterans

There are a number of young veterans who are waiting to be operated on at the Pattie A. Clay Infirmary as soon as their condition will permit. The work, since the establishment of the hospital unit, has grown very extensively, there being many coming from other counties, since there are several represented in this district.

Moynahan Speaks At Court House Saturday

Saturday afternoon at the court house, Eugene Moynahan, before a full house, spoke on the democratic issues of the day in the interest of the Cox-Roosevelt Club. The attendance was large and there was considerable cheering as the ex-service man touched upon the safety of the country in one regard, hinging upon the recognition of the League of Nations. There were a number of other speakers to follow and at 3 o'clock it looked like a continued session, since the attendance grew greater instead of smaller. The manner in which the speaker delved into the facts regarding the gigantic measure indicated that he was well versed.

8 REASONS FOR LEAGUE OF NATIONS

With six ex-republicans at Louisville at one time, speaking for Governor Cox and the League of Nations, Prof. Irvine Fisher, of Yale, spoke of the League. He listed eight "important and fundamental reasons" why this country should enter the League. They are:

To finish the task and to extricate this country from the war and its problems.

To avoid competition in armaments.

To reduce the enormity of war and its increasing destructiveness.

To keep this country's pledge and to retain its conscience.

To assure arbitration of disputes.

To insure publication of treaties.

To establish the boycott against "hostile acts" committed by governments.

To be ready to use the "police-man's club" as provided in Article Ten.

"And what is Article 10?" Prof. Fisher asked.

"It is simply the Monroe doctrine extended to the whole world. This much disputed article, instead of adding to the burdens of the United States, will make the Monroe Doctrine mutual throughout all the world. If this article is killed it will take away one of the eight reasons for our entering the League and will diminish the effectiveness of some of the other reasons."

LEAGUE HAS BIG CASE UNDER WAY

Paris, Oct. 23—Settlement of the Vilna incident has been turned over to the League of Nations entirely and France will make no further reply to the Polish note sent jointly to France and Great Britain, the French foreign office has announced.

The League of Nations already had the matter in hand and Leon Bourgeois, the French representative in the council of the league, is awaiting a report from the league's commission sent to Suwalki, but the last Polish note expressing surprise that France had taken its attitude without receiving a full report on the incident was sent direct by the Warsaw government to the Quai d'Orsay.

France now is informing the Polish government that it must deal with the league henceforth, foreign office officials said.

DEMOCRATS OF DAYTON WILL HAVE BIG RALLY

Dayton, Ohio, Oct. 23—Notwithstanding the effort made by Republican managers to prevent Governor James M. Cox speaking in this city on the night of October 27 by tying up Memorial hall engagements, Montgomery county Democrats are preparing for the largest rally of the campaign. Should court proceedings fail in the effort to mandamus the county commissioners, who have charge of Memorial hall, an outdoor gathering will be conducted at the fair grounds.

Street Work Resumed

With the completion of repairs to the excavating machine on East Main street, and the additional material brought to the city, the street paving work has been resumed full force. The East Main street line to the railway, it is said, will not require much time, since there will be more shifting of machinery.

Quails and Rabbits

Game Warden W. H. Grider is of the opinion there will be the greatest number of quail and rabbits this year seen for many seasons. The dove season was out of the ordinary in point of birds, and it is claimed the remainder of the hunting season for all game will be equally as good.

Bargain Sil-Kid Shoes at Stanifer's

This sil-kid for \$1.98.

LAST DAYS TO REGISTER

Monday, Tuesday and Wednesday of next week will be special registration days for voters who were absent from the city or who were ill on the regular registration day, October 5. This is the last opportunity one has in order to register so as to vote in the election on November 2.

THE WEATHER

Increasing cloudiness, followed by rain Sunday and in west portions tonight; cooler Sunday.

LOCAL DOGS WIN SEVERAL TROPHIES

When the call was issued for the return of the 59 dogs to give up the chase Friday afternoon, marking the close of the all-age race, the closing event of the Central Kentucky Fox Hunters' Association, it was found that the first prize had been by a dog the property of Alex Parrish, of Madison county. The second prize went to Wilbur Hampton, of Winchester, and third prize went to W. T. Vaughn, of Estill county.

There was a special mark for "Mayme," a young dog owned by Jennings and Will Maupin, of Richmond, which won the endurance trial, thus securing the third of the meet. The dog went way out of her class and brought in the trio of trophies. She first won the class and speed trophies in the derby, and was placed in the all-age class by her owners just to see what she would do, and she brought home the bacon. Her performance of this dog is said to have been remarkable, and had there been good hunting conditions, the record is expected to have been all the more brilliant.

The challenge cup in the endurance trial was the most distinctive feature. The conditions were not good for this, however, there were a number of good records made. The citations of the dog were both surprising and pleasing. Thomas Reeves, secretary of the association, was more surprised than many others, owing to the age of the Richmond dog.

K. P.'s ARE VERY ACTIVE

Members of the local K. of P. lodge are very active these days. They have been commissioned to go to Berea next week where they will institute a new lodge. It is expected that there will be a least ten automobile loads start from here during the early afternoon.

NO CITY COURT

For the first time in many, many weeks, there was no Friday night session of city court. It was the intention during the week to clean the slate of a few old cases, but it is now believed they have been "outlawed," and there was nothing to try. The city police record has been quiet during the entire week, with the exception of the arrest of two men several days ago on larceny charges.

WILL TAKE HIKES SOON

The members of the class in science at Eastern Normal will soon be prepared and there will be a series of interesting and instructive hikes in the future. It is the intention of Prof. G. D. Smith to take the students of this season on a series of walks that will be beneficial in more ways than one.

SEE BALLOT ON PAGE TWO

For the benefit and general instruction of those unfamiliar with the ballot, the Daily Register is today publishing a copy of the ballot with which all who vote will be confronted next month. It will be found on page two, and it is well for the unsophisticated to give more than a casual glance in order to make their vote legitimate and in the counting list.

Results Are Satisfactory

The fact that there will be few changes in the county and city school boards this year is proving very satisfactory to many, owing to the fact that there are many eventful periods to be covered this and next year. The past year has been one of the most progressive in the history of both the city and county schools.

Week's Weather Guess

(By Associated Press)
Washington, Oct. 23—Weather for the week beginning Monday for Ohio Valley—Generally fair; cool with some probability of local rains Monday or Tuesday.

BEREA CEREMONY WAS VERY IMPOSING

**President Hutchins Familiar
With Much Specialized Upon
—Interesting School Facts**

The ceremonies attending the inauguration of President Hutchins of Berea College will be remembered by many attending as one of the most impressive and interesting of their lives for as institution of this character. The numerous features which made it so enlightening as well as auspicious all added to the completeness and fitness of the occasion.

President Hutchins enters upon his duties as an experienced man along many of the lines taught there and his ability as an executive is not questioned. His past experience has brought him in contact with situations and conditions calling for superior judgment in many ways, and his credentials are to the effect that he has always been able to meet them.

The utilities it possesses render the college one of many advantages. The excellent recommendation in the way of finished students is another invaluable asset.

A half-day school is maintained for the benefit of students who must pay all their expenses. Half of the day is spent in work and the other half in study under special teachers provided for the purpose. By this means many young people are able to attend school who otherwise could not. One of the most recent and useful additions to the work of the institution is the country home.

Each department has a house in which groups of girls live, in turn, for a term or semester, under the direction of a teacher of domestic science or a matron. They buy the provisions, plan the meals, entertain guests and in all ways manage the home.

The forest reserve of 5,500 acres of hill land supplies lumber for wood-work and building. The printing plant does the work of the college and prints the Citizen, a paper circulating in the mountain counties from which the students come.

SIDEWALK IMPROVEMENT

Improvement of the sidewalks in some places, where it was torn out by the street paving company to start the work, has been started and will be finished along Main street first, it is reported. This work is being done by the city. It is said to be the duty of the city to replace the sidewalks in as good condition as they were found when the street work was begun.

PAINTERS ARE BUSY LOT

Owing to the scarcity of painters, the work of improving two of the uptown business blocks has been held up, and some of the owners stated Saturday that they did not know if they would be able to have the work completed this season. A contractor who has the work in charge, said he had gained a "stay of execution" owing to the fact that painters could positively not be procured at this time.

Football Teams Said

To Be In Fine Fettle
Cambridge, Mass., Oct. 23—At the finish of practice Friday, both leaders of the Harvard and Centre College football squads declared their charges fit for what promises to be the most interesting game of the season when they clash today at the Harvard stadium. Harvard, which up to the eve of the contest, has been an overwhelming favorite, is now given but an even chance by the fans.

The Center team went through about two hours' practice Friday afternoon in signal drill and kicking and getting accustomed to the stadium conditions. The announced weights of the teams show that the Crimson players have an average of ten pounds over the Southern team.

Meeting of Teachers

The next monthly meeting of the teachers of the Madison county schools will be held on next Saturday at the court house and extensive preparations are being made for it. There will be a program out of the ordinary and it is expected the attendance will be the largest, if favorable weather prevails, since the present school term began, since there has been unusual pressure to bear relation to having all teachers present.

SATURDAY SATIRE

Lest We Forget.

Let those who would destroy the League of Nations read:

"We are the dear, short days ago
We lived, knew dawn, felt sunset's glow,
Loved and were loved, and now we lie
In Flanders fields.

"To you from failing hands we throw
The torch; be yours to hold it high!
If ye break faith with us who die,
We shall not sleep, though poppies grow
In Flanders fields."

Perpetual Motion

"Jack said he was going to kiss me last evening." "What did you do?" "Said if he did I would call for help, but he kissed me anyway." "Then what did you do, girlie?" "I continued to tell him I would call for help each time."

Apple or the Man

Mr. Edward Rose brought to this office the largest apple we have seen this season. He was a big fellow, weighing one pound and seven ounces. —Clay City Times.

There are other things besides love that make the world go round—a half pint of red jack, for instance. Latest and most deadly poison discovered—one drop of aviation oil. No cellars in Cuba, is the report. To use for many in this country any more.

In recounting their hardest struggles men forget the time their mother tried to give them a scrubbing.

It isn't so much what some of the dyes look like as what they make themselves look like.

No use saving up for a rainy day—the country's dry for good.

An revoir—that's goodbye in French; in English, wood alcohol means the same.

Paducah is without light—some of the older residents are complaining Chicago is getting better. Bandits like \$20,000 from a messenger. They sed to take from \$50,000 to \$120,000.

Cleveland prisoner chewed policeman's ear. That free lunch habit will sting.

Mrs. Edward Bailey and Mrs. Mollie Aubrey, Louisville, held up on Covington bridge while en route to the races and robbed of \$425. Case of audits beating the ponies.

Why shouldn't eyes of young women school teachers be pretty? Look at the hours they spend every day raining their pupils!

Seems to have been a good deal of monkey business about that quadruman biting the king of Greece.

No wonder some of those political speakers fairly yell, when they see so many young women with their ears stuffed.

Alabama furnishes more peanuts than any other state in the union. Utty state.

The inconsistency of some things. The rich have their twin sixes and the poor generally their six twins.

Self-Reliant Home Doctors

What women are called who all over this broad land make their annual collections of roots and herbs upon recipes which our pioneer mothers found dependable for different family ailments. In one of these recipes Lydia E. Pinkham's Vegetable Compound and its origin and so successful as it proved that there is hardly a city, town or hamlet in America where some woman who has been restored to health by its use does not reside.

Famous Naturalist Will

Support League of Nations John Burroughs, the famous naturalist, is supporting the democratic ticket for three reasons. First, he believes in the League of Nations, because Cox is for the League, and third, "because Gov. Cox is a stronger man of the two candidates, more progressive and more representative of the idealism of the nation."

Lowe's

**Your fall painting—
Don't put it off**

It's always cheaper to paint before it's needed than afterward. Takes less paint. Costs less to do the painting. Fall weather is ideal for painting. Sun not too hot. Dries slower and will last longer. No pesky flies to disfigure it.

Painters, too, are not so rushed, and will spend more time on the work.

And when you buy your paint don't begrudge the few cents difference between a

cheap paint and a paint that's cheap. The cheap paint isn't cheap at any price.

The paint that's cheapest is cheap because it goes farther and costs less to make it go. Such a paint is Lowe's. Besides, it lasts longer and looks better as long as it lasts.

Come in and ask for booklet, "Figure Your Painting Costs With a Brush—Not a Pencil." It's free. So is the color card.

McGAUGHEY—

the Photographer in your town

Mrs. William Ledford is slowly improving from her recent illness.

Miss Eunice Gabbard will spend the week-end with relatives at Berea.

Rev. D. H. Matherly has returned from the convention in St. Louis.

Miss Lydia McArdle, of Birmingham, Ala., is the guest of Miss Lyd McKee.

Mrs. McClelland Witt, of the Valley View section, is visiting relatives in Irvine.

Mr. and Mrs. Robert Collis and little daughter are visiting relatives in Lexington.

Mr. Joe Bowles has returned from a several weeks' stay in Irvine and Ravenna.

Miss Elizabeth Curtis is at home from Hamilton College for a week-end visit.

Mr. and Mrs. Overton Harber are with relatives in Paris for a week-end visit.

Mr. Gilbert Ringo, who has been a victim of summer "flu" this week, is improving.

Mr. and Mrs. J. W. Ray, of Irvine, spent Friday with Mr. and Mrs. C. H. Park.

Dr. Beecher Adams, of Wilmore, will arrive today for a week-end visit to his family.

Dr. R. L. Clark and Mrs. Clark have returned from a few days' stay in Cincinnati.

Mrs. A. J. Willoughby and Mrs. Sue Deatherage Chambers spent Friday in Lexington.

Miss Mollie Fife has returned from a delightful visit to Mrs. Mayme Parrish in Paris.

Miss Helen Larvin has returned to her home in Paris after a brief visit to Miss Lou Wells.

Mr. and Mrs. Joe Whitlock and Mr. and Mrs. Ed Warford were visitors in Lexington Friday.

Mrs. Owen McKee has returned from a week's visit to Mrs. John McKenna in Lexington.

Mr. J. H. Holliday, of Cynthiaana, is the guest of Mr. and Mrs. D. L. Cobb in Burnamwood.

Mr. and Mrs. R. L. Mahin have returned from a visit to Mrs. Annie Baker in Nicholasville.

Mrs. James Chadwick, of Crab Orchard, is the guest of her daughter, Mrs. S. W. Fife.

Mrs. C. E. Smith is expected home in a few days from an extended visit to her daughter in Ohio.

Mr. James Cosby has returned from a visit to his daughter, Mrs. J. S. Rose, in Winchester.

Mr. and Mrs. Roy Montgomery have leased the residence of Mr. W. P. Baxter on East Main street.

Miss Pauline Yates, who is attending the Normal, spent the week-end with her parents at Lebanon.

KODAK FINISHING
Bring Them Today;
Get Them Tomorrow.
THE McGAUGHEY STUDIO

Miss Evelyn Guinchigliani has returned from a visit to her sister, Marion, at Nazareth Academy.

Miss Eria Chapman, of Cincinnati, is expected for a week-end visit to Miss Lou Wells on Second street.

Miss Mattie Hamilton, of Union City, was the guest of Mr. and Mrs. J. W. Hamilton the first of the week.

Mrs. Margaret Steele has returned to her home in Nicholasville, after a visit to her daughter, Mrs. Allen Zaring.

Mr. and Mrs. Harris White have returned from Jellico and are with the groom's mother on the Barnes Mill road.

Mrs. C. B. Alvine, of Harrisburg, Pa., is the guest of her parents, Mr. and Mrs. T. C. Willis—Jessamine Journal.

Miss Josephine Carpenter, of Stanford, is spending a few days with her sister, Mrs. Homer W. Carpenter, on Lancaster avenue.

Mr. Barney Stone has returned to his home at Athens, having been a guest of friends here for the Fox Hunters' Association.

The numerous friends of Miss Clara Lantier will be delighted to know she is greatly improved from her recent attack of pneumonia.

Mrs. Keats Speed, of New York City, and Captain Fred Herscher, of Lexington, were dinner guests of Mr. and Mrs. J. S. Crutcher Thursday.

Mrs. Jennie Paris, of Portland, Ore., who has been the guest of Mrs. C. F. Higgins, is now with her sister, Mrs. H. L. Wallace, at Paint Lick.

Miss Gladys Smith, who is teaching school at Newby, is at home for the week-end with her parents, Prof. G. D. Smith and Mrs. Smith, on High street.

Mrs. Ben Buckner and Miss Mary Fithian Hutchcraft, of Paris, attended the buffet luncheon given by Mrs. Charles Harrison McCord at her country home, Meadowbrook, near Lexington.

The Bourbon News says: "Mr. and Mrs. Jesse M. Alverson of Paris, have leased a cottage at St. Petersburg, Fla., for the winter. They will leave after the November election and remain until late spring."

**PREACHER FASTS TILL
DAUGHTER JOINS CHURCH**

Columbia, Ky., Oct. 23.—Because he has a daughter who is not a member of any church, the Rev. Joe Woolridge, of Russell county, began to fast about 25 days ago and says he will continue to fast until his daughter comes to Christ. He has been holding a meeting near Denmark for nearly six weeks, and since he began to fast he is so weak he can hardly walk. Seven miles from where he is conducting his revival the daughter in whom he is so much concerned and suffering for is teaching school.

**ASHLAND EXPECTS 25,000
TO HEAR GOVERNOR COX**

Boyd county expects to smash all rally records when Governor James M. Cox speaks at Ashland at 1 o'clock next Tuesday afternoon. "From 20,000 to 25,000 voters will hear the nominee unless I am very much mistaken," said Harry V. McChesney, chairman of the state speakers' bureau. "All of the Sandy valley will turn out."

After he had killed his step-son-in-law, in Clark county, Indiana, Trevis Mikeswell is said to have placed a butcher-knife in the hand of the dead man, intimating that the killing was in self-defense.

Machine of One Purpose

BUTTER FAT is worth a lot of money today. To save every particle of it is the part of wise business economy. The Primrose Cream Separator is the standby of the wise dairyman.

The more you use of the Primrose separator and the longer you use it, the better you will like it. It has but one purpose—to separate cream from milk. It saves all the cream. The escape of a little cream here and there may not strike you as such a serious matter, but bunch those losses over a period of time and you will be astonished at the amount. That is where the Primrose separator protects your pocket-book.

The Primrose is the only cream separator that forces oil through every bearing, not just to them. This and other special and exclusive features about the machine we should like to show you. Call and let us show you just what this means to you as a money-saver. If not convenient to call, phone us, and we will call on you and bring a machine with us.

SPLendid FARM AT PUBLIC SALE

Having decided to invest elsewhere, I will, on

SATURDAY, OCTOBER 30

at 10 o'clock a. m., offer for sale my

Farm of 49 7-10 Acres

located on the Barnes Mill Pike, nine miles from Richmond, and four miles from Kirksville. It is known as part of the Old Gentry Farm, which is one of the best farms to be found. Is something like one-fourth of a mile from pike, with deeded road to same. Some small spots in timber, about 18 acres in corn this year; remainder in grass, same being in first-class condition for cultivation. Farm is well fenced and watered; has two never-failing springs.

Will Offer It in Two Tracts Then as a Whole

This farm is in the heart of the tobacco region. Possession will be given January 1, 1921. Terms made known on day of sale.

MOTHER GAVE IT

Virginia Lady Suffered With Aches and Pains Until Mother Began Giving Her Cardui.

Dublin, Va.—Miss Mary Allico Hughett residing on Route 2, near here, recently told a visitor of her interesting experience with Cardui. Miss Hughett said: "I had been suffering for some time with painful... I was pale, didn't feel like going. Would just drag around, and couldn't rest to do any good. I would suffer once a month with my back, sides and head. My limbs would ache and I didn't know what to do, but I knew I must do something, for I didn't get well by letting it run on."

"My mother is a believer in Cardui, for she saw what it did for others as well as herself, so she began giving it to me."

"It wasn't long before I saw a change. It was just what I needed. It regulated me. I began to eat and sleep, and the pain stopped."

"Cardui is without doubt the best female tonic made, and I am glad I can recommend it to others."

"If suffering with symptoms such as Miss Hughett mentions, or other ailments peculiar to women, why not begin Cardui at once? Its merit is well established by successful use for more than 40 years."

Try Cardui!
Your druggist sells it. NC-138

PROVIDE MANHOLES FOR WATER SERVICE

In order to manipulate the water service in the business portion of the city or anywhere there is a permanently paved street, manholes are to be provided and the work, which is by the Richmond Water & Light Company, was started Saturday morning. The manholes will be built wherever there is a valve in the big water mains, and there are said to be several of them. This will be necessary, in order to govern the flow of water, and to care for the water main service.

The manholes will be of such a character as to admit of men reaching and working with the mains beneath the streets. It is planned that the work, which will require some time, and is at the expense of the Water Company, will be the final touches to the pavement.

September "Gas" Tax

According to the reports made at the office of County Clerk J. W. Maupin, the consumption of oil for the month of September was a little less than that for the previous month. The report shows exactly \$500 for the state, a little less than for the month of August. It was believed the consumption would be greater during the past month than for August.

Paris Veteran Located

Publication of an item regarding the conferring of the D. S. C. on Private Wm. Howard, of Paris at a U. S. army post in Germany, was the means of apprising his sister, Mrs. Robert Briggs, of Paris, of his whereabouts. She had lost all trace of her brother, and had not heard from him in two years.

NOTICE TO LIBERTY LOAN BOND HOLDERS

All Second Liberty Loan 4 per cent bonds must be sent in for conversion into 4-1/3 per cent by November 15th, of this year, and first Liberty 4 per cent bonds by December 15th, or the right to convert same in both instances will be lost, thereby entailing both loss of interest and market value. The Madison National Bank will gladly assist all who may wish to avail themselves of its service in making this change. ROBT. R. BURNAM, Cashier.

PUBLIC SALE

I will sell at public auction on Saturday, October 30 at 10 a.m., the farm of about 30 acres, belonging to Perry War-mouth's heirs. This land is located on Paint Lick creek, two miles above Potts' old mill. It is splendid tobacco land and nearly all of it can be cultivated. It is about four miles west of Kirksville and will make some one a good buy. At the same will sell about 70 barrels of corn. Terms made known on day of sale. H. L. WARMOUTH, Agent for Heirs.

VICTIMS RESCUED

Kidney, liver, bladder and uric acid troubles are most dangerous because of their insidious attacks. Heed the first warning they give that they need attention by taking

GOLD MEDAL HAARLEM OIL

The world's standard remedy for these disorders, will often ward off these diseases and strengthen the body against further attacks. Three sizes, all druggists. Look for the name Gold Medal on each bottle and accept no imitation.

Special K. of P. Notice

All K. of P. members who intend to go to Berea with the rank team Thursday night, October 28 will meet at K. of P. Hall, where automobiles will be available for every member that will go. The first car will leave the Hall at 3 o'clock and from that time on. There will be cars leaving every hour so you can leave for Berea most any time after 3 o'clock. The Berea lodge will serve supper any time from 7 o'clock to daylight. 257 4 W. L. HOWE, M. E.

ALL PRISONERS ESCAPE FROM JAIL AT IRVINE

Irvine, Ky., Oct. 22—All the occupants of the Estill county jail at Irvine, escaped in two deliveries Wednesday. None have been recaptured. Tuesday at noon three boys walked away while the family was at dinner. One of them was being held for a \$250 reward. Tuesday night the rest of the prisoners escaped through a hole made for them.

POWER

The "Power House" of Your Automobile

THE STORAGE BATTERY is the "power house" of your automobile. Upon it depend your lights for efficient lighting service, your starter for instant starting power. To come up to these requirements, its construction and the quality of materials used, especially in the plates, are of utmost importance.

A Determining Factor of Efficient Service

The plate is the determining factor in whether or not a battery will render a satisfactory period of starting and lighting service.

COOPER STORAGE BATTERIES have built in them a plate of unusual strength. This plate, heavily gassed with an active material of special composition, gives the battery durability, increases its life, and is responsible for the instant starting power and efficient lighting service that the Cooper Battery supplies for the electrical system of your car.

If you are having ignition trouble of any description, stop in and let us remedy it. It's your gain to take advantage of the service we offer.

LET YOUR NEXT BATTERY BE A COOPER—SOLD TO YOU UNDER A GUARANTEE.

Mr. Emmett Sanders has returned from Chicago and Rantone, Ill., where he had a delightful visit of two weeks with friends and relatives. Miss Margaret McBride is a patient at the Patie A. Clay infirmary this week, where she submitted to an operation for appendicitis.

The Product of Experience

The Chevrolet "Four-Ninety" Sedan represents unusual value in equipment alone. Aside from the famous power and construction of all Chevrolet models the "Four-Ninety" Sedan possesses every essential appointment that makes for the comfort and convenience of its driver and passengers.

There's the electric starter that constantly saves your energy—particularly in cold weather. The demountable rims, too, save your time, your strength, and your patience. Electric lights with dimmers protect both you and the other fellow. And the dome light inside is a touch of real luxury.

The extra visor on the windshield insures clear vision at all times and adds to your safety and comfort in driving, as does also the speedometer and the electric horn. Complete tool equipment is included as a matter of course.

The Chevrolet is unique in combining these features with mechanical perfection at such a low price.

It would be a pleasure to us to show you how admirably this car is fitted to give you the utmost satisfaction.

THE NEW DIXIE AUTO COMPANY

Chevrolet "Four-Ninety" Sedan, \$1245, f.o.b. Flint, Mich.

TO ISSUE AUTO LICENSES LOCALLY

County Clerk Maupin To Be Provided With Them—New Law Effective Dec. 1st.

After December 1, purchasers of automobiles in Richmond and Madison county will not have to place a placard "license applied for," on the new vehicle, for it will be within their powers to apply at the office of County Clerk Maupin and procure the new license tag and number forthwith.

This law, which will become effective on the above date, will furnish considerable additional business for the local office, since there will be records kept of all the transactions relative to the purchase of new cars, etc. Mr. Maupin is preparing to add the work to his growing business, the gasoline tax being a recently added feature. This will be taken care of in the usual manner.

The new law will admit of the purchaser obtaining his tag and license number as soon as he gets his machine. The character of the numbers has not been revealed as yet to Mr. Maupin. It is believed the county will be designated thereon, whereby the driver of a machine will virtually give his home county, as well as the number of his machine, should this information be desired by any official who scents wrong doing. It is said the new manner of tagging and numbering the machines will do away with much thieving, since, unless the number is immediately changed, there will be tangible evidence against the purloiner.

Clerk Maupin has already been provided with the new laws pertaining to the operation of autos, and a copy may be had by anyone for the asking. There will be a number of important changes in the law, it is claimed.

BANDITS AT IRVINE
At Irvine Wednesday morning a negro held up two men and robbed them, taking \$65 from one and \$10 from another. After the holdup the negro backed off and fled into the woods and as yet has not been caught.

ROADS AND TRUCKS BOOST LAND VALUES

Southern Officials Use Rise In Farm Prices as Argument For Bond Issue

Motor trucks and highway development are the economic factors which are responsible for as much as 100 per cent annual increase in land values in various sections of the country, according to a recent report by the Firestone Ship by Truck Bureau, of Akron, Ohio.

Officials of one southern community—Hinds county, Mississippi—in campaigning for a \$1,000,000 highway bond issue, say that motor trucks, operating on good roads, have raised land values from \$25 an acre five years ago to \$100 and \$125 an acre at present valuation.

County supervisors, submitting the issue to a vote of the people, attribute their decision to ask for this sum "to the great agricultural, commercial and educational development of the country due to the use of the motor truck, tractors and passenger cars."

Investigation has developed, according to the bureau report, that the farther away from town on improved roads that real estate lies, the greater the percentage of increase in value with the advent of good roads. Within five miles of an eastern city where recent improvements in highways were made, the appreciation in value within five years was only 8.3. But ten miles out the percentage of increase was 96.7 and twenty-five miles away the ratio of increase was 194.9. It is held that the motor truck is equally responsible with the highways for this improvement.

Farms contiguous to fairly good roads have been known to advance in value within two or three years after the construction of hard surface highways as much as 114 per cent, while the lowest increase reported was found to be 9.1 per cent.

"With these figures as a basis for estimation," says Ernest Farr, chief of the bureau, "it does not require a stretch of the imagination to understand that increase in land values is in direct ratio to two prime factors. These are the number of miles of improved highway built and the number of motor trucks added to those already carrying their burdens of produce and merchandise from the farm to the city and from the city to the farm."

According to the best report obtainable, the bureau says, that up to June 30, 1919, \$1,103,800,000 was available for expenditure upon the highways of the country.

Demand For Bicycles

Local dealers report there has been an unusual demand for bicycles and that the same is continuing despite the lateness of the season. It is claimed the use of the bicycle, instead of decreasing, is on the increase. Bicycles are also made to the effect that the ones, are the only ones in the local market, this character of bike being in demand.

School Carnival Plans

The plans for the school carnival to be held later on, which have been given but little attention recently owing to other affairs, will be taken up within a short time and arrangements made for the completion of the extensive program which will be observed. It is expected that the day will record the consolidation of both county and city schools and that the program will be participated in by students from both.

Chestnuts Are Ripe

Reports from nearly all counties are to the effect that chestnuts are ripening in good style, and the first of the season are being picked. The hickory nut season is not yet here, but it is claimed with a few frosts there will be a falling off of nuts that indicate the arrival of the proper season for gathering.

L. A. Byrd, Secretary.

Cox Calls Upon Root To Rectify Statement

Bridgeport, Conn., Oct. 22.—Governor James M. Cox sent a telegram to Elihu Root, asking him to "correct" what the Democratic candidate declared to be a "false" statement in Mr. Root's address of Wednesday regarding the governor's position upon the League of Nations issue.

The governor denied Mr. Root's statement that he demanded the league "exactly" as Mr. Wilson negotiated it, and called upon Mr. Root for a retraction.

FORCES COLLIDE AT VALLEY VIEW

Republicans Meet Defeat After
Encroachment—What Valley
View Has to Say About It

The committee of the Women's Democratic Club of Valley View had arranged and advertised by printed hand bills a democratic speaking at the Valley View school house, and had assigned Col. Ripy, of Lawrenceburg, Hon. O. P. Jackson and Mrs. C. S. Holton, and others to speak at 7 o'clock last night. When the speakers arrived at about five minutes of seven, one of the trustees of the school, who happened to be a republican, informed them that there were some republican speakers coming to make it a joint meeting. The speakers delayed about thirty minutes in order to make arrangements for a division of time, but the republicans did not come during that time, and it was thought best to begin the meeting.

Hon. John Noland opened the meeting with a speech of about forty minutes. After he began speaking Mr. Lucien Burnam, chairman of the republican campaign, came with A. R. Burnam, Jr., and a stranger, a Mr. Ryan, who it was afterwards learned was a gentleman from Indiana, and was introduced as an ex-service man.

Mr. Noland expressed his pleasure that they were there and said that he would divide the time in order to give the representatives of the opposite party an opportunity to present their views of the issues. Mr. Noland's speech was a clean, clear cut, intelligent discussion of the issues entered into by the democratic administration by the Treaty of Peace of Versailles and a clear instructive explanation and defense of the covenant of the League of Nations, and an appeal to the women voters to respond to their duties and the obligation imposed upon them by supporting Cox and Roosevelt in order that there may be a ratification of the treaty of the League of Nations. His speech was well received and at the close he was followed by Mr. Ryan, who spoke about forty minutes, and although a well educated and intelligent young man, he presented the usual stock arguments against the League of Nations and stated that his party was opposed to it for the reasons that it would involve us in future wars. He indulged in the usual misrepresentations to which the republicans resort in order to make any sort of an argument against the ratification of the covenant of the League of Nations.

He had the respectful attention of the crowd and was courteously treated during his address.

At the close of his speech, Hon. O. P. Jackson, who had been advertised to deliver the main address, had a copy of the League of Nations in his hand and had an answer for every statement made by the gentleman who spoke before him, and proceeded to completely answer every pretended argument the gentleman had made.

Mr. Jackson's speech was full of humor and jokes, his illustration were received with universal applause and it was clearly shown from the applause given Mr. Jackson's speech that it was a democratic meeting as advertised and that the democrats of Valley View are thoroughly aroused.

When the audience broke up there were as many shouts for Jackson as there were for Cox and Roosevelt and little Valley View was resounding with democratic yells when he finished his speech.

As Mr. Jackson finished speaking, the rumor had gotten out that there was also a republican speaking and the negroes began pushing in the doors, so the democratic women thought it best to let the republicans have the floor.

Mr. Jackson, in finishing, told the women the importance of their voting and the duties of mothers to vote for the League of Nations.

Mr. A. R. Burnam spoke only a short time as the hour was late.

The democratic women who had arranged this meeting, were very much pleased with the outcome and they feel that it will do more good to help roll up an unprecedented majority in Valley View and vicinity than anything that could have possibly happened in the campaign.

A VALLEY VIEW CITIZEN.

Home Near Cottonburg Is Destroyed By Fire

The home of J. W. Portwood, near Cottonburg, together with its contents, was destroyed by fire which originated from the kitchen stove. The members of the family were present at the time, but the flames spread so rapidly they were unable to extinguish them. Even much of the clothing of Mr. and Mrs. Portwood as well as that of their children was burned.

Decision of Kentucky Masons not to sell the present site of the Masonic Home at Louisville, has been made.

LEGION FOOTBALL PLAYERS PRACTICE

There are a number of experienced and husky ex-service men who are eligible to membership in the American Legion who have not enrolled for membership. They are experienced in the art of football playing and it is the desire to have them participate in the games to be played by the team now forming.

There was regular practice on Friday afternoon at the campus, with more than 20 men reporting. There will be a good team, and a good one for its weight. However, it is the desire of the manager of athletics, E. C. Gentry, representing the Legion, that these men report. He states that as a matter of fact, they owe their service in the sport line to the Legion and the community besides the Legion men want to take the honor.
